

Optimize your CarrierSource Profile

Use this checklist to make the most of your CarrierSource profile and attract new business. By completing each step, you'll ensure your company information is accurate, visible in searches, and backed by customer reviews.

Update Company Information

- Add your logo
- Add your website
- Add a company description
- Add your truck type(s)
- Add the shipment type(s) you offer
- Specify any specialized services you provide

Update Contact Information

- Update your contact information
- Add additional department's contact information

Update Lane Information & Operating Areas

- Add all regions/states you operate in
- Share any preferred lanes you run
- Add any terminals you have

Gather & Respond to Reviews

- Ask your customers to leave reviews of your business
- Respond to any existing reviews you have
- Monitor your page to catch all new reviews coming in

CarrierSource was built to give you a voice and digital presence in an overcrowded industry. [Claim your page today here.](#)
